Contents

What's *Inside*

01

Brand

Vector logo, one-colour versions, the D-mark, voice and imagery.

02

Colour

Black grounds, signal red, text contrast and status colours.

03

Typography

Playfair Display headlines with a red italic payoff; Inter for the rest.

04

Layout & effects

Spacing, corners, depth, backgrounds and motion.

05

Icons

45 thin line icons — replacing the site's emoji.

06

Components

Sections, navigation, cards, forms, feedback, FAQ — live React.

07

Social & blog

Share image, blog covers, feed posts and a story.

08

Website

The site rebuilt from the components: home, services, audit, contact.

The *Logo*

A clean vector master: Montserrat letterforms rebuilt on the original positions, and the custom slashed D vectorised.

D-mark tile icons

D-mark dark grounds

Voice & *Imagery*

Honest about being new, hands-on, South African. Real, warm-lit photography of people at work.

Systems. Strategy. *Serious Growth.*

POSITIONING

"New to the Market. Not New to the Work." Hungry, hands-on, no coasting.

PROMISE

"We don't just advise — we implement." Every action tied to a measurable outcome.

RISK-REMOVERS

"No pressure. No pitch deck." · "No lock-in contracts" · "no-obligation discovery call"

PLACE

South African, SME-first. Mpumalanga & Gauteng in person, every other province digitally.

Voice verbatim lines from the site

DIAMACO GROWTH

Photography: real people working — dark interiors, warm lamp light, a city at dusk through glass. Always in a hairline frame with a bottom scrim; a red square may sit behind one corner. No flat illustrations, no bright daylight stock.

Black, and *Signal Red*

One dark theme. Red is a signal, not a field — buttons, labels, numbers, active states and one full-red call-to-action band.

HOW WE WORK

A Process Built for *Results*

01

Discovery Call

We understand your business, challenges, goals, and existing systems — no assumptions, just clarity.

02

Strategy Design

We craft a customised growth roadmap identifying high-impact opportunities and prioritising quick wins.

03

Execution & Build

Our team builds systems, automations, digital assets, and campaigns with precision and speed.

04

Measure & Optimise

We track performance, report transparently, and continuously optimise — so results compound over time.

Ready to Grow Your Business?

Let's have a no-obligation discovery call and map out your growth strategy.

WHAT WE OFFER

Ten Services.
One *Growth Partner*.

From your first CIPC registration to automated lead generation — every service is designed to compound and work together for exponential business growth.

01

AUTOMATION

Workflow Automation

Stop doing manually what machines can do better. We analyse your business processes, identify bottlenecks, and build automated workflows that run 24/7 — saving you time, reducing errors, and freeing your team for high-value work.

- Process mapping and bottleneck identification
- Zapier, Make, and n8n automation builds
- Email, invoice, and reporting automation
- Onboarding and follow-up workflow systems
- Ongoing monitoring and optimisation

Navigation & *Footer*

Nav bar with the red draw-in underline, WhatsApp button, the sticky call-to-action bar, and the footer.
